

NORS

A construction site at sunset. In the foreground, a yellow Volvo A60 dump truck is dumping its load. In the middle ground, a yellow Volvo E60D excavator is working on a pile of earth. In the background, a yellow Volvo L250D wheel loader is parked. The scene is illuminated by the warm light of the setting sun, creating a golden glow over the machinery and the landscape.

Ready to work.

The right machine, when you need it.

Rental

Why Nors Rental

A smarter way to access equipment

- Fast Availability - Ready-to-rent fleet deployed in priority markets
- Flexible Rental Models - Short-, mid-, and long-term solutions
- Lower Financial Risk - Preserve capital and cash flow
- Try-Before-You-Buy - Rent today, buy later if it fits
- Service-Backed Uptime - Maintained by Nors-trained technicians

Rental backed by the same standards, people, and service you trust from Nors.

Built around your reality

→ **Dedicated Rental Fleet (DRF)**

- Ready-to-use equipment, owned and maintained by Nors

→ **Rental Purchase Option (RPO)**

- Rental payments may contribute toward future ownership

→ **Flexible Rental Terms**

- Daily / weekly / monthly structures
- Bundled options: attachments, transport, service

More flexibility.
More control.
Less commitment.

Wheel Loaders

Powerful, versatile loaders engineered for material handling, stockpiling, and jobsite efficiency.

Productivity you can measure.

L60H

Operating weight:
11,000 - 13,600 kg
Breakout force:
~84.9 kN
Heaped capacity (SAE):
5 m³

L70H

Operating weight:
13,500 - 15,200 kg
Breakout force:
~124 kN
Heaped capacity (SAE):
2.7 - 3.5 m³

L90H

Operating weight:
14,500 - 17,000 kg
Breakout force:
~138 kN
Heaped capacity (SAE):
2.8 m³

L110H

Operating weight:
18,000 - 20,300 kg
Breakout force:
~156 kN
Heaped capacity (SAE):
3.3 - 4.3 m³

L120H

Operating weight:
19,000 - 21,000 kg
Breakout force:
~162 kN
Heaped capacity (SAE):
3.4 - 4.5 m³

L150

Operating weight:
25,000 - 26,500 kg
Breakout force:
~202 kN
Heaped capacity (SAE):
4.2 - 5.6 m³

L180

Operating weight:
Approx. 28,500 kg
Breakout force:
~222 kN
Heaped capacity (SAE):
4.8 - 6.4 m³

L220

Operating weight:
Approx. 32,800 kg
Breakout force:
~245 kN
Heaped capacity (SAE):
5.3 - 7.0 m³

L260

Operating weight:
34,000 - 39,000 kg
Breakout force:
~284 kN
Heaped capacity (SAE):
5.3 - 10.2 m³

Excavators

From compact footprints to heavy-duty production machines. **Our excavator fleet adapts to your jobsite reality.**

COMPACT EXCAVATORS

EC37

Operating weight:
3,785 kg
Breakout force:
~35.5 kN
Heaped capacity (SAE):
~0.11 m³

EC65

Operating weight:
5,750 - 6,810 kg
Breakout force:
~37.7 kN
Heaped capacity (SAE):
0.07 - 0.27 m³

EW60

Operating weight:
5,150 - 5,850 kg
Breakout force:
~43.3 kN
Heaped capacity (SAE):
0.07 - 0.27 m³

ECR18

Operating weight:
1,700 - 1,800 kg
Breakout force:
~12.6 kN
Heaped capacity (SAE):
~0.015 - 0.053 m³

ECR40

Operating weight:
3,985 kg
Breakout force:
~35.5 kN
Heaped capacity (SAE):
0.05 - 0.15 m³

ECR50

Operating weight:
5,050 kg
Breakout force:
~36.2 kN
Heaped capacity (SAE):
~0.11 m³

ECR58

Operating weight:
5,840 kg
Breakout force:
~41.9 kN
Heaped capacity (SAE):
~0.11 m³

ECR90

Operating weight:
8,770 - 10,510 kg
Breakout force:
~25.9 kN
Heaped capacity (SAE):
0.08 - 0.31 m³

→ Ask about hydraulic attachments and work tools available for your application.

Request fleet availability or build a customized rental package with Nors.

GPE CRAWLER EXCAVATORS

EC140

Operating weight:
12,920 - 15,870 kg
Breakout force:
~85 kN
Heaped capacity (SAE):
0.25 - 0.66 m³

EC160

Operating weight:
16,450 - 20,710 kg
Breakout force:
~115 - 122 kN
Heaped capacity (SAE):
0.30 - 0.96 m³

EC210

Operating weight:
20,480 - 24,010 kg
Breakout force:
~133 kN
Heaped capacity (SAE):
0.48 - 1.44 m³

EC230

Operating weight:
20,670 - 26,145 kg
Breakout force:
~125 - 132 kN
Heaped capacity (SAE):
0.46 - 1.44 m³

ECR145

Operating weight:
14,740 - 16,695 kg
Breakout force:
80 - 85 kN
Heaped capacity (SAE):
0.25 - 0.77 m³

ECR235

Operating weight:
22,680 - 27,220 kg
Breakout force:
~133 - 156 kN
Heaped capacity (SAE):
0.61 - 1.53 m³

ECR355

Operating weight:
35,540 - 37,140 kg
Breakout force:
~165 - 179 kN
Heaped capacity (SAE):
0.60 - 2.49 m³

EC300

Operating weight:
29,700 - 38,800 kg
Breakout force:
~164 - 179 kN
Heaped capacity (SAE):
0.52 - 2.06 m³

EC260

Operating weight:
28,460 - 34,320 kg
Breakout force:
~145 - 157 kN
Heaped capacity (SAE):
0.46 - 1.76 m³

EC380

Operating weight:
37,800 - 43,000 kg
Breakout force:
~198 - 215 kN
Heaped capacity (SAE):
0.83 - 2.53 m³

→ Contact your nearest Nors branch to learn about pricing as well as other equipment, attachments, and configurations available for rent.

Rental rates exclude delivery, freight, fuel, insurance, and applicable taxes. Rates and availability are subject to change without notice. Final terms will be confirmed in the rental agreement.

Articulated Haulers

High-capacity hauling solutions designed for productivity, traction, and uptime.

Ready when your project needs it.

A25

Operating weight:
23,000 kg
Payload Capacity:
25,000 kg
Heaped capacity (SAE):
15.3 m³

A30

Operating weight:
24,700 kg
Payload Capacity:
29,000 kg
Heaped capacity (SAE):
17.8 m³

A40

Operating weight:
31,400 kg
Payload Capacity:
39,000 kg
Heaped capacity (SAE):
24 m³

Soil Compactors

Delivering powerful compaction, precision control, and dependable performance.

Reliable machines for demanding jobs.

SD45

Operating weight:
4,950 - 5,290 kg
Engine Power:
55 kW
Drum width:
1.37 m

SD75

Operating weight:
7,190 kg
Engine Power:
55.3 kW
Drum width:
1.67 m

SD115

Operating weight:
11,620 - 11,730 kg
Engine Power:
110 kW
Drum width:
2.13 m

Who we are.

With a legacy spanning more than 90 years, Nors is a pillar of excellence and ambition in providing outstanding services and equipment. Recognised as a national and international leader, Nors represents the most prestigious brands in the business areas in which it operates.

Nors is present in 7 countries and represents the main manufacturer brands in the business areas in which it operates, through more than 100 units offering services, solutions in five business areas: Trucks and Buses, Construction Equipment, Agro, Aftermarket and Ventures.

Driven by ambition, diversified talent and expertise in each area of activity, Nors continues to transform and evolve to keep pace with the progress in life and business, making everything work better, every day.

Nors combines global scale with local expertise, delivering dependable solutions where uptime matters most.

Nors in Canada.

Nors Construction Equipment Canada is an equipment dealer with a robust presence across Canada.

We specialize in **selling, renting, and servicing premium equipment** from globally renowned brands to meet the diverse needs of industries such as **construction, infrastructure, mining, oil and gas, utilities, municipalities, waste management, and forestry.**

With an unwavering commitment to excellence, we prioritize close, trusted partnerships with our customers and industry partners to ensure their operations run efficiently and reliably.
